Commercial Fall Bred Heifers

This group of heifers are all sired by Stone Gate Bulls and out of our commercial unit. Bred to our calving ease bulls and scheduled to start calving the 10th of September. They were exposed for 55 days.

Vaccinated with two rounds of Express FP 5-VL5 HB and 3 rounds of Spirovac VL5. They have been developed the right way, exclusively on pasture and hay to help ensure calving ease and longevity. Guaranteed bred for 30 days after the sale.
